

CUSTOMER NOTIFICATION

Temporary Change to Ordering Quantities – Selected OTC Products

Dear Customer,

To increase distribution capacity and support higher volumes of cold and flu products this winter, the OTC products listed below will temporarily be sold and supplied in outer quantities only, rather than individual units.

This change will apply **from Monday 2 November until Monday 18 January only**. During this period, orders of these products will be supplied in multiples of the quantities shown in the **‘Outer Qty’** column below.

This temporary measure will help us manage increased seasonal demand and support continued supply to your pharmacy.

Thank you for your understanding and continued support.

Your Uniphar Wholesale Team
